WHAT IS THE PATIENT'S PRIMARY CONCERN (REASON FOR VISIT)?

Realizing that successful treatment greatly depends upon the patient's complete cooperation in following instructions, keeping appointments and maintaining oral hygiene, are there any restrictions, handicaps, or problems that might be encountered during treatment?_____

Please Note: we are not responsible to know your insurance benefits. It is the responsibility of the patient to know their benefits. We are only given a general breakdown of coverage from your insurance company. They do make mistakes in giving information. We expect them to be accurate, but we recognize that they are not always accurate with their information. Fine points of your benefits are in your benefits book which we do not have access to. We will try to assist you in understanding your coverage, but cannot be held responsible if your insurance does not cover treatment. Additionally, I hereby authorize and direct payment of the dental benefits otherwise payable to me, directly to Dr. Lawrence Lotzof. The patient is always responsible for the costs of their treatment and anything that is not covered by insurance.
